

# CREATING A CLOUD OBJECT STORAGE SERVICE

**TEAM ID: PNT2022TMID47379**

**TEAM LEADER: NIRESHKUMAR S**

The screenshot shows the IBM Cloud console interface for managing Cloud Object Storage Buckets. The left sidebar contains a navigation menu with options: Cloud Object Storage, Storage instances, Cloud Object Storage-xe, Buckets (selected), Integrations, Endpoints, Usage details, Service credentials, Connections, and Plan. The main content area is titled 'Buckets' and includes a search bar, a 'Create bucket' button, and a table of existing buckets. The table has columns for Name, Public access, Location, Storage class, and Created. One bucket named 'crop-protection' is listed with public access disabled, located in 'jp-tok', using 'Smart Tier' storage class, and created on 2022-11-08 at 9:26 PM. A tooltip 'Nireshkumar S's Account' is visible near the top right of the main area.

Name	Public access ⓘ	Location ⓘ	Storage class	Created
<a href="#">crop-protection</a>	No	jp-tok	Smart Tier	2022-11-08 9:26 PM
